# Practice Calendar

## Practice Tips

1. Make practice a priority. Don't put it off until you are too tired.
2. List your daily minutes of practice on this card.
3. Practice for progress not minutes. Listen and watch in a mirror to make sure you are doing it as it was taught.
4. Keep your instrument clean inside and out. Don't eat or chew gum just before lessons or practice.
5. Note any problem sections on the back in detail. Assign each one a number or letter and mark each time the same problem occurs.
6. Attend every concert you can. Watch how musicians work together to create music. Remember they were beginners at one time.
7. Remember to take your instrument, music and supplies every day.
8. Nothing of value is easy to achieve. Don't get discouraged, practice. **MUSIC IS WORTH WORKING ABOUT!**
